

FINE ARTS A.S.

Offered at these campuses:

- C** City Campus (Downtown Buffalo)
- N** North Campus (Williamsville)
- S** South Campus (Orchard Park)

Students studying art engage in creative problem solving, critical thinking, sequential skill building and develop persistence and focus. These are all skills that help students excel whether they choose to continue their education or enter the workforce.

Students pursuing the Fine Arts degree will complete all SUNY GER requirements and all relevant SUNY transfer paths, creating a degree that is highly transferable to four-year institutions for a variety of majors. The Fine Arts degree's core courses and most electives are offered at all three campuses. There is campus specialization in certain areas. Students are encouraged to take courses at any of the three campuses as needed to meet their individual goals and interests.
